

AGTA Workshop - Reinhold Baer Prize 2026

October 27-28, 2026 - Napoli (Italy)

Università degli Studi di Napoli Federico II, Dip. di Matematica e Applicazioni, Via Cintia, Monte S. Angelo

The Reinhold Baer Prize is dedicated to the great German algebraist who built an important school of group theory. The aim of the prize is to support the scientific activity of young researchers, regardless of their geographical origin. The prize was issued in 2017, and the winner of this sixth edition will be announced during this workshop.
